RESORT NOTES

Acapulco:

Take the kids to the on-site Sea Garden Kids Club for supervised fun and games and have a little time to play on your own. Play doubles; take a tennis clinic or practice your serve at the renowned Mayan Palace Acapulco Tennis Club, with 12 lighted clay tennis courts for day and night play. Go kayaking along the interlocking canals or on the resort's lake. Dive into the refreshing pool with its own cascading waterfall or take an excursion to watch the La Quebrada cliff divers perform death-defying leaps, arranged by the concierge. Golf like a pro at the 18-hole, par 72 championship golf course, with private lagoons and impeccable greens that make the Acapulco Mayan Resorts Golf Course one of the world's most beautiful courses. When you are done, treat yourself to a massage at the spa at the Acapulco Mayan Palace.

Nuevo Vallarta:

Every Thursday night you are invited to the best Mexican party in Bahía de Banderas. Enjoy the sights, sounds and tastes of Mexico. Mariachi bands and vividly dressed folkloric dancers entertain as you enter the *kermesse puestas*, little booths, to sample traditional Mexican dishes. Exuberant bursts of fireworks light up the sky in preparation for the grand final—the "Flyers from Papantla" soaring almost 100 feet in the air! Every Monday night dance in the sand at our tropical party under the moonlight. Sit around the giant bonfire, roast hotdogs and toast marshmallows. Feast on a buffet complete with BBQ ribs and chorizo and our special dessert—fried banana with coconut ice cream. Sit back and enjoy the show performed by the Activities staff.

Mazatlan:

Observe the colors and culture of Mexico firsthand, touring the "Pearl of the Pacific" in a pulmonía, an open-air cab. Explore Copala, an old mining town, and the historical sites of Old Mazatlán or shout "¡Olé!" at a bullfight. All the traditional amusements and diversions are here including some of the finest sport fishing on the Pacific coast, whether your desire is deep-water big game or the challenge of shallow-water predators.
